COUNTER IMPROVISED EXPLOSIVE DEVICE (CIED)
MULTINATIONAL PROGRAM
Provide CIED/asymmetric warfare materiel/non-materiel solutions across the Operational Force training domain.

Prepare U.S. units, multinational Partner, and Allied Nation individuals to operate in an asymmetric threat environment with emerging technologies and information.

Focus on pillars of C-IEd: Attack the Network, Defeat the Device, Train the Force.

Enhance the ability of the U.S. military, other military forces, and U.S. DoD interagency partners to combat threats and to increase the security.
