Q&A #1

The following questions were raised with respect to subject IFIB. Responses are to provide clarification.

Questions	Responses
1. Do you plan to share the existing architecture before the project execution?	Existing architecture is a classified document and will be shared with the incumbent after the contract is awarded.
2. Could you please provide us with the capability packages referenced in this IFIB-ACT-SACT-21-35 (Page 16)?	Capability Package 9C0122 and Urgent Requirement Requests are classified document and will be shared with the incumbent after the contract is awarded, along with other appropriate documentation.
3. In chapter 11 "Content of the proposal" it refers to Enclosure #2, but this document is not part of this IFIB-ACT-SACT-21-35. Could you please provide us with the document named as "Enclosure #2"?	Referenced document does not include an Enclosure 2.
4. Could you please provide us with the ACT financial manual referred to in this IFIB-ACT-SACT-21-35.?	Referenced document can be found under section "Contractor Information" on the ACT Website at https://www.act.nato.int/contracting
5. We are preparing the proposal IFIB-ACT-SACT-21-35 with a document titled: "Part 1 Bidding Instructions". Is there any other document (Part 2 or similar) with extra requirements?	No, there is not.
6. According with your instructions, the technical proposal will be assessed based on the qualifications of the individuals proposed to perform the work and therefore shall answer the questions in Annex A. Do you foreseen any other specific sections or contents? Do you have any limitation in pages or similar?	There is no additional section foreseen. The evaluation will be based on provided résumés, assuming that the personnel is cleared to access NATO information and company can provide appropriate working and networking environment and references. No limitation in the number of pages is foreseen.
7. Can you share during this proposal preparation phase an estimation of the requirements or operational needs so as to provide an accurate estimation of the analysis effort?	Current document has c.a. 120 pages. In light of changes proposed in CP 9C0122 (5 projects/areas affected) and Urgent Requirement Requests (3 additional projects), ACT expects that entirety of the document will require review and the expected deliverable will be at least of comparable size.
