Would the bidder be allowed to perform the contracted work at their own facilities, and visit the contractor's facilities at request either via direct in person or virtual work environment(s)?	Per paragraph 8 of the SOW (pg 21), "The work is normally performed in a Normal NATO office working environment," and "Normal Working Conditions apply. The decision of working remotely or in HQ will depend on COTR determination." Primary work will constitute at the HQ until deemed otherwise by the COTR.
