TO: BC's Distribution List for Invitation for International Bidding (IFIB) Procedure

DATE: 21 October 2022

SUBJECT: Notification of Intent to issue an Invitation for International Bidding (IFIB) for Contractor Support for Capability Development Management Support (**CDMS**)

In accordance with the stipulations of the Bi-SC Procurement Directive 60-70, Annex B, and Procedures for International Competitive Bidding (2015 Edition) the following information is provided on an Invitation for International Bidding (IFIB) that this Headquarters has the intention to release:

IFIB REFERENCE: IFIB-ACT-SACT-23-01

TITLE OF IFIB: Contractor Support for Capability Development Management Support (**CDMS**)

REQUIREMENT: HQ SACT gives notice of the intent to issue an Invitation for international Bid (IFIB) for the provision of contracted services.

HQ SACT is seeking contract support to establish the conditions in which HQ SACT has timely access to the leading-edge capabilities necessary to tackle challenges and problems whose size and complexity defy solutions by solely using existing staff or tools within NATO's established organisation. HQ SACT is seeking contract support to include but not limited to the capture, development, architecture, data science and quality assurance of capability requirements and operational analysis and climate change support. Additional support to include but not limited to the management of capability programmes/portfolios and areas of logistics, capability engineering/testing, IT support specialists, as well as business management specialists. Others areas for contract support may include but not limited to human resources, areas of administration, facility management / planning, command support areas (procurement and acquisition, financial management; CIS Management) and command engagement / functional support.

**CDMS** is an integral part of SACT's comprehensive organizational and operating strategy that enables mission accomplishment by integrating high quality support from trusted industry partners, with the unique and manifold capacities of NATO's established workforce and toolset. This requirement emphasizes to support long-term, programmed needs, as well to assist in meeting shorter-term requirements.

Included Programmes are as follows: Modelling Simulation and Learning Technologies / Distributed Learning, Experimentation and Wargaming, C2 Interoperability Verification, Capability Enablers / Requirement Services, Data Science / Analytics and AI, Innovation, ACT Project 2030, HQ SACT Fit for Purpose, Administrative, ACT Strategic Engagements Events, Cognitive Superiority Implementation, Concept Development, Global Picture and Strategy Development, NATO Resilience, NEW Climate Change, Strategic Foresight Analysis, Defence Planning,
