

INNOVATION IS THE DRIVER OF WARFARE DEVELOPMENT

OUR PROMISE

Allied Command Transformation defines the future military context, identifying challenges and opportunities in order to maintain a warfighting edge. It ensures maximum interoperability; gives structure and priority to NATO forces through defence planning and capability development; applies innovation to leverage ideas, procedures and technologies to the benefit of our warfare development approaches; and, in all of this, leverages the intellectual horsepower of a large network of industry, academia, military and civilian expertise in nations, in NATO agencies and NATO Centres of Excellence.

#WEARENATO

Harnessing the Power of 30+. Delivering Warfighting Capability and Alliance Interoperability. Enabling modern and adaptable Deterrence and Defence.

NATO's WARFARE
DEVELOPMENT COMMAND

AN INNOVATIVE MIND-SET IS THE CATALYST FOR CHANGE

"In an unpredictable world, NATO remains an anchor of international stability. Allied Command Transformation, as one of the leaders of the Alliance's adaptation and NATO's Warfare Development Command, explores emerging trends and technologies, supports current and future operations, increases interoperability and readiness, mitigates the risk of strategic surprise, draws from the benefits of cooperation and preserves the military edge to position the Alliance to deter, and as needed defeat, all potential adversaries."

-General André Lanata

ALLIED COMMAND TRANSFORMATION

WE SCAN, INVESTIGATE AND INFORM

- Strategic Foresight Analysis
- Framework for Future Alliance Operations

WE INNOVATE AND CHALLENGE

- Concept Development
- Innovation Hub
- Facilitate Hackathons
- Produce Minimum Viable Products

WE CONNECT

- Network of over 3,000 Academic and Industry Partners
- Organise Partnership 360 Conference
- Co-leads NATO Industry Forum
- Deliver the Allied Warfare Development Conference

WE DELIVER CAPABILITIES

- Leads NATO's Capability Management Function
- 31 Common Funded Programmes

WE EDUCATE AND TRAIN

- Train 11,000 personnel each year
- Training management through Global Programming

WE PLAN

- NATO Defence Planning Process
- NATO Warfighting Capstone Concept
- Warfare Development Agenda

WE SUPPORT CURRENT AND FUTURE OPERATIONS

- Bi-SC Partnership
- Deliver Tools for Commander Decision Making

WE DRIVE STANDARDS

- Federated Mission Networking Spirals
- Lead TIDE Sprint
- Coordinate the Coalition Warrior Interoperability Exercise (CWIX)

INNOVATION IS THE DRIVER OF WARFARE DEVELOPMENT

In an unpredictable world, NATO remains an anchor of international stability. Allied Command Transformation, as one of the leaders of the Alliance's adaptation and NATO's Warfare Development Command, explores emerging trends and technologies, supports current and future operations, increases interoperability and readiness, mitigates the risk of strategic surprise, draws from the benefits of cooperation and preserves the military edge to position the Alliance to deter, and as needed defeat, all potential adversaries.

OUR PROMISE

Allied Command Transformation defines the future military context, identifying challenges and opportunities in order to maintain a warfighting edge. It ensures maximum interoperability; gives structure and priority to NATO forces through defence planning and capability development; applies innovation to leverage ideas, procedures and technologies to the benefit of our warfare development approaches; and, in all of this, leverages the intellectual horsepower of a large network of industry, academia, military and civilian expertise in nations, in NATO agencies and NATO Centres of Excellence.

ALLIED COMMAND TRANSFORMATION

AN INNOVATIVE MIND-SET IS THE CATALYST FOR CHANGE

WE SCAN, INVESTIGATE AND INFORM

Strategic Foresight Analysis
Framework for Future Alliance Operations

WE INNOVATE AND CHALLENGE

Hackathons
Innovation challenges
Dual Capable Aircraft
Urbanisation Concept
Collaborative Resilience Concept
Future Medical Support Concept
studies into Hybrid threats
autonomous anti-submarine warfare
mine countermeasures systems
approaches in space, logistics and Command and Control

WE CONNECT

Partnership 360 Conference,
Concept Development and Experimentation Conference,
Chiefs of Transformation Conference,
Centres of Excellence Directors' Conference
NATO Industry Forum.
Innovation Hub,

WE DELIVER CAPABILITIES

31 Common Funded Capability programmes
NATO's Capability Dashboard
program plans for Special Operations Command and Control
Capability Programme Plan for North Macedonia
framework for future medical concepts and requirements
reset of the Logistics Command and Control programme
Electro Magnetic Spectrum Warfare Strategy

WE DRIVE STANDARDS

We establish Federated Mission Networking spirals,
TIDE Sprint
Coalition Warrior Interoperability Exercise.
Alliance Defence Cyber picture
defined the NATO framework for autonomous vehicles.

WE EDUCATE AND TRAIN

Training through Global Programming,
11,000 people trained every year,
Human Capital programme

WE PLAN

extensive dialogue with Nations, NATO HQ and Allied Command
Operations
coherence to the development of Allied capabilities.
synthesize requirements and present options to nations.

WE SUPPORT CURRENT AND FUTURE OPERATIONS

identify priority areas
apply warfare development capabilities.
develop tools for Commanders,
Information Environment Assessment tool
Protection of Civilians Immersive Training Tool.

We also deliver the pre-deployment training for Resolute Support
in Afghanistan and NATO's mission in Iraq.
