Deputy, Supreme Allied Commander Transformation (DSACT) Polish General Mieczyslaw Bieniek met with Finnish military leaders during a recent visit to Finland to discuss ways to enhance regional security, improve interoperability and their strengthen partnership.

The General was welcomed by Commander, Finnish Defence Forces, General Ari Tapani Puheloinen; Chief of Defence Command, Vice Admiral Juha Sakari Rannikko and Defence Counselor Helena Partanen as they shared their thoughts on Finnish Security and Defence Policy, Defence Reform and International Cooperation.

General Puheloinen stressed the Nordic Defence Cooperation is one of the key elements of Finnish security policy and it is in vital interest of all countries in the region. Finland intensively uses Operational Capability Concept to evaluate troops designated to participate in NATO Response Forces and NATO-led operations. DSACT expressed his appreciation for these efforts and encouraged his interlocutor to continue following this path.
