QUESTION AND ANSWER (Q&A's) FOR REQUIREMENT

RFP or IFIB:	RFP-ACT-SACT-23-60	
Reference:	Q&A# 1 - 3	
Date of Issue:	20 June 2023	

The following questions were raised with respect to the subject RFP/IFIB. Responses are to provide clarifications prior to receipt of offeror's proposal.

No.	QUESTIONS:	RESPONSES:
#1	Q: We have realized that the RFP-ACT-SACT-23-60 document has references to RFP 23-59, we understand that is an error, but please, could you clarify?	A: The reference to RFP-ACT-SACT- 23-59 is an error, it should be RFP- SACT-23-60, and corrections have been made to this requirement.
	At least there is a reference to RFP-ACT-SACT-23-59 on "Enclosure 1."	
#2	Q: Would NATO ACT consider eliminating the restriction that only organizations who worked on the European ECYSAP project can provide an offer?	A: Unfortunately, NATO ACT will not be able to remove this criteria and a company who did not complete work on ECYSAP will not have access to the necessary documentation/contracts/ and sources of information and would not effectively be able to perform the work required.
#3	Q: Can NATO ACT clarify how the studies in RFP 23-59 and RFP 23-60 relate?	A: They do not relate. It is a typo in the RFP (see question 1).
