

RFP-ACT-SACT-26-37 Furniture Procurement

Q&A #2

19 May 2026

Question #	Question	Submission Date	Response
1	Will the due date be extended by a minimum of one week, as the site visit is scheduled after RFI's are due, additional RFI's may arise after the conclusion of the site visit?	15MAY26	HQ SACT will continue to address additional RFIs up to Proposal submission up to 1600 (EST) 27 May. Bidders are encouraged to submit RFIs prior to the date in order to provide time for a response prior to the solicitation close date.
2	Please define CIS separation requirements.	15MAY26	The CIS unclassified and classified systems and conduit will be separated by 1 metre.
3	Will sizes, dimensions, additional specifications be provided for the various Work Areas, tables, booths, pavilions, chairs...?	15MAY26	The specific details will be agreed after contract award. However, at the site visit more information will be provided from the Gensler design options, which will assist and inform preparations.
4	Figure 1 Deliverables. T/C/L: Will elevations be provided for the Hamilton Casework Solutions and the Spacestor Hot Lockers? Will elevations be provided for the Communal Lockers? Figure 1 Deliverables. T/C/L: Where will (42) Lockable moveable under desk lockers be stored / housed? Figure 1 Deliverables. T/C/L: Will all appliances (such as refrigerators, microwaves, and coffee pots) be supplied by others?	15MAY26	The specific details will be agreed after contract award.
5	Are these intended to reside at each occupant's desk, or are these housed in a common storage "garage"?	15MAY26	The lockers will be under desk but allow personnel to flex their work locations and move lockers as needed.
6	Figure 1 Deliverables. Focus Area Accessories. Will you provide specifications for (1) Misc Task Light.	15MAY26	The specific details will be agreed after contract award.
7	Figure 1 Deliverables. MCR. Do the meeting / conference tables require power / data boxes? If so, please provide specifications.	15MAY26	The specific details will be agreed after contract award.
8	Figure 1 Deliverables. MCR. Does the huddle require an upholstered or veneer media wall?	15MAY26	The specific details will be agreed after contract award.
9	Figure 1 Deliverables. MCR. Does the huddle table require any additional accessories such as display mount, audio visual rack, vertical shelf, or camera mount? Figure 1 Deliverables. MCR. Meeting Notes and Comments from 5th Floor Site Visit 5/19/26:

- RFP will be modified from 70/30 Technical/Price to 80/20 Technical/Price.
- Furniture removal will be removed from this RFP
- Do not intend to replace ceiling tile
- No requirement to tear the walls down
- There may be a phasing plan of set up of furniture 5th floor depending on the supply chain and delivery
- Power locations should be provided in the 3-D drawing
- Both high side and low side power needed for computer assets, but not dedicated power for high side.
- Auto Cad Fire Safety plan is being looked at to be added to the CAD, however we don't anticipate a need for it
- Ceiling Reflective Plan is TBD at this time
- Core drills are not acceptable. Must connect to the ceiling, or be free standing.
- Window sill height is 34 inches
- We have in-house electricians, but due to other priorities, they likely will be limited in support available.
